

**IN THE UNITED STATES DISTRICT COURT
FOR THE EASTERN DISTRICT OF ARKANSAS
WESTERN DIVISION**

IN RE:	:	MDL DOCKET NO. 4:03-CV-1507-BRW
	:	
PREMPRO PRODUCTS LIABILITY	:	
LITIGATION	:	CASES EXHIBIT A

ORDER

Pending are the generic drug manufacturer defendants' motions for judgment on the pleadings under Federal Rule of Civil Procedure 12(c). However, I intend to consider matters outside the pleadings¹ when addressing the motions, so the motions must be treated as motions for summary judgment.²

Accordingly, by 5 p.m., Monday, May 20, 2013, Plaintiff must provide all additional evidence that she claims support the causes of action in her amended complaint against the generic drug manufacturers. I believe that two weeks is sufficient time since discovery has been ongoing for ten years and my September 2012 Order directed that Plaintiff provide specific factual allegations -- at this point, Plaintiff should have the evidentiary support for any allegations in her amended complaint.

The supplement should provide supporting evidence for Plaintiff's allegations rather than prose. Generic allegations without evidentiary support are insufficient at this point.

IT IS SO ORDERED this 6th day of May, 2013.

/s/ Billy Roy Wilson
UNITED STATES DISTRICT JUDGE

¹For example, on April 1, I requested that Plaintiff provide me with the FDA's letter from 2000 mentioned in the Amended Complaint. In response, Plaintiff provided several documents.

²Federal Rule of Civil Procedure 12(d) reads: "If, on a motion under 12(b)(6) or 12(c) matters outside the pleadings are presented to and not excluded by the court, the motion must be treated as one for summary judgment under Rule 56. All parties must be given a reasonable opportunity to present all the material that is pertinent to the motion."
